

Selectpersons Meeting
July 10, 2013

Call to order: Mary Lee Rounds called the meeting to order at 6:00 PM

Selectpersons present: Mary Lee Rounds, and Mike Getchell

Mary Lee Rounds made a motion to give the Albion Athletic Association \$500.00 from Healthy Northern Kennebec. Mike Getchell 2nd the motion, all in favor and passed.

MDOT has inspected the bridges in Albion and found two that are in need of repair. Bridge #2389 on the Robbins Road and bridge #2216 on the Quaker Hill Road. The bridge deficiencies should be addresses as soon as practical to ensure continued safe use of the bridges. Neglect of these deficiencies may result in a diminished function of the bridges through load posting or even closure. Due to bridge legislation; there is no funding mechanism for the bridges, which are considered Minor Spans on the Town Way. The department will inspect the bridges again in 2014.

Respectfully submitted by
Michael Getchell
